Daffodil Day

Thank you to everyone for supporting the Irish Cancer Society. Altogether we raised €123.50 on Daffodil Day. With this support, you have helped to fund life-saving research and support services for all those affected by cancer across Ireland.

Suncream

In Ireland, the UV index is usually 3 or above from April to September, even when it is cloudy. Please ensure your children start to wear suncream to school now. They may also wear a broad brimmed or legionnaire style hat to protect their face, back of the neck and ears.

Autism Awareness

April is Autism Awareness Month. Each class will be learning about Autism, and we will be raising awareness about neurodivergence in general. Autism can affect the way a person thinks, communicates, interacts, and experiences the world around them. Autism is referred to as a spectrum, and it affects different people in different ways. Every person has their own set of strengths and challenges. Every Autistic person is unique and should be respected.
